

SETTING UP EPICS, FEATURES, AND USER STORIES FOR PROJECT PLANNING

AIM:

To learn about how to create epics, user stories, features, backlogs for your assigned project.

PROCEDURE:

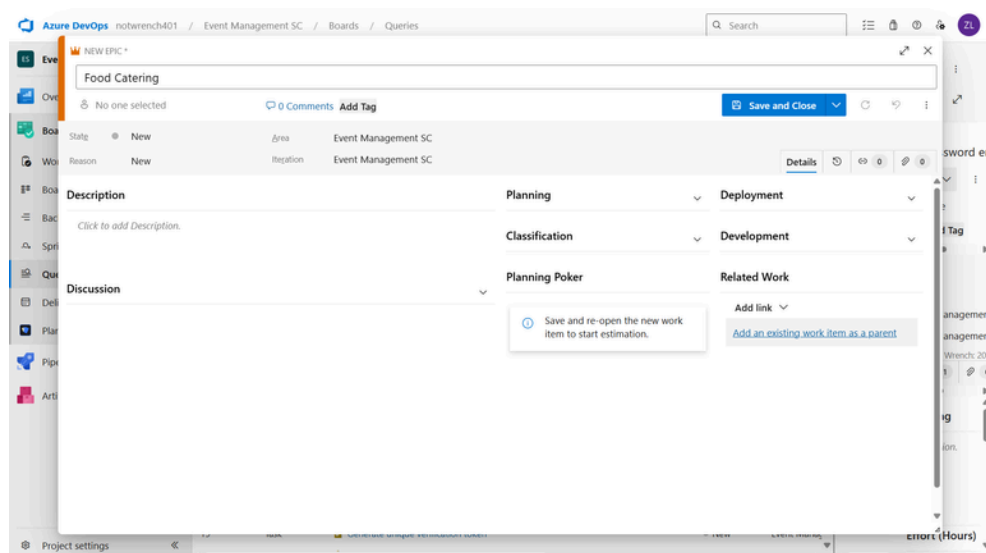

CREATE EPICS, FEATURES, USER STORIES, TASKS

The screenshot shows the 'Work items' view in Azure DevOps for the 'Event Management SC' project. The left sidebar contains navigation links for Overview, Boards, Work items, Backlogs, Sprints, Queries, Delivery Plans, Planning Poker, Pipelines, and Artifacts. The main area displays a table of work items with columns for ID, Work Item Type, Title, State, and Area Path. The table lists various tasks, bugs, and features, all with a state of 'New'.

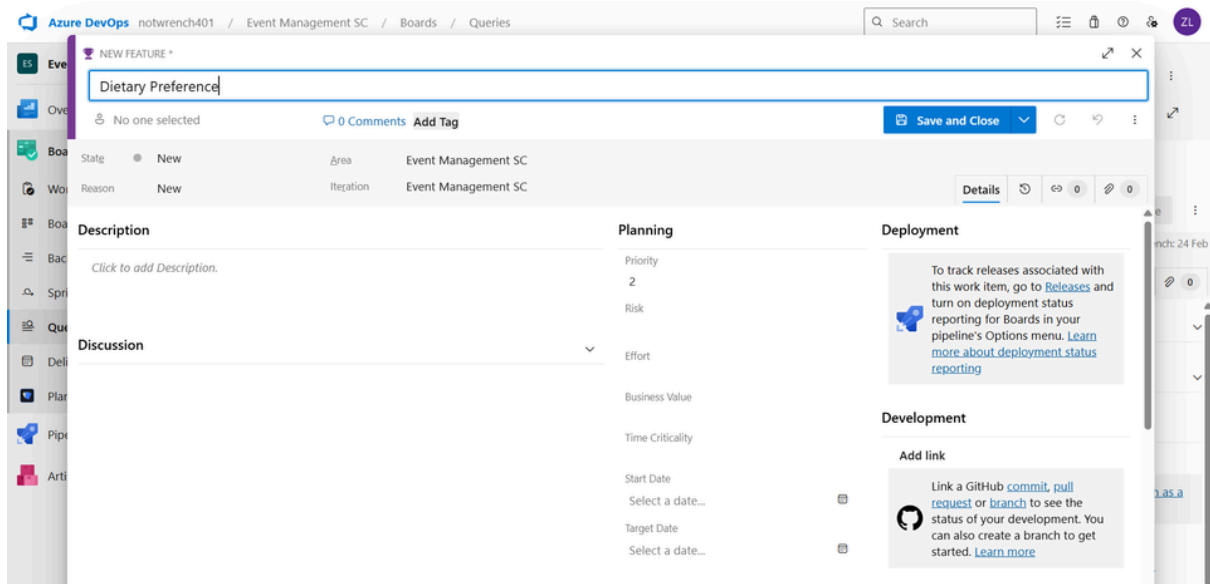

ID	Work Item Type	Title	State	Area Path
18	Task	Configure email service (Azure Communication Service)	New	Event Management SC
13	Task	Create user table in Azure SQL Database	New	Event Management SC
10	Task	Design registration UI form	New	Event Management SC
16	Bug	Duplicate email registration allowed	New	Event Management SC
23	Bug	Email not delivered	New	Event Management SC
34	Task	Enable session management	New	Event Management SC
60	Epic	Food & Catering Arrangement	New	Event Management SC
19	Task	Generate unique verification token	New	Event Management SC
11	Task	Implement backend password validation	New	Event Management SC
32	Task	Implement JWT authentication	New	Event Management SC
12	Task	Integrate password encryption (hashing)	New	Event Management SC
8	Feature	Login / Logout	New	Event Management SC
37	Bug	Login takes more than 8 seconds during peak load	New	Event Management SC
26	User Story	Login within 5 seconds for fast access.	New	Event Management SC
36	Task	Monitor response time using Azure Monitor	New	Event Management SC

1. FILL IN EPICS

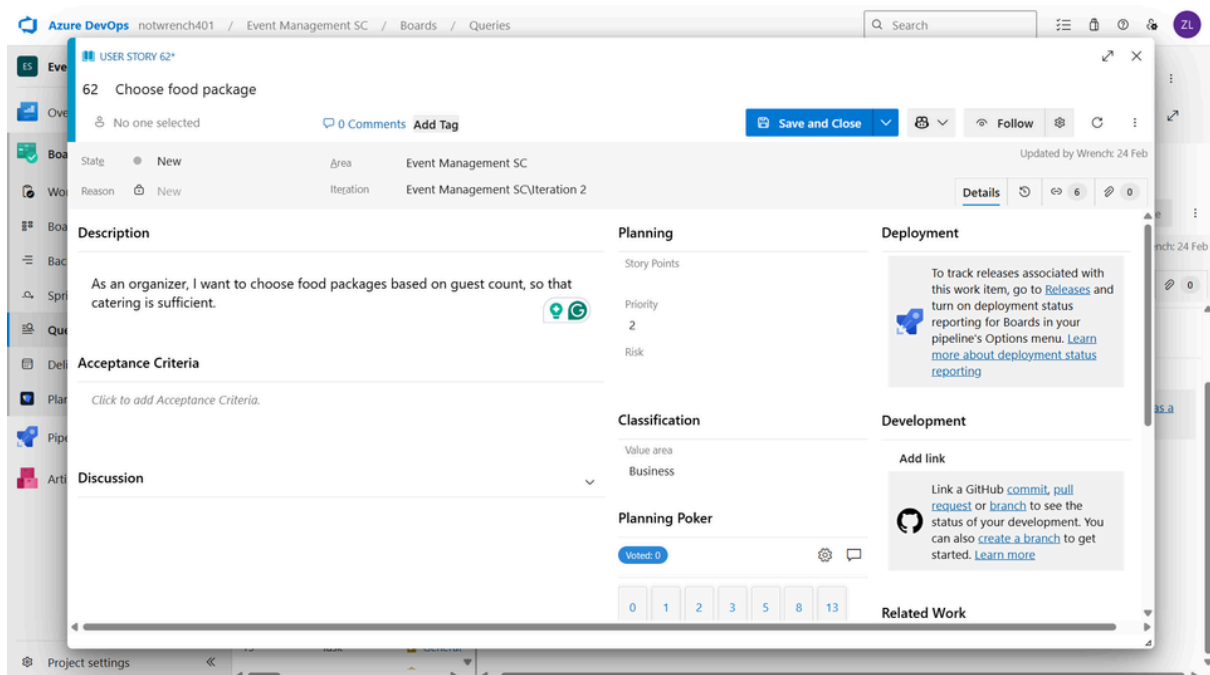

The screenshot shows the 'NEW EPIC' form in Azure DevOps. The form is titled 'Food Catering' and is currently in the 'New' state. It includes fields for 'Area' (Event Management SC) and 'Reason' (Event Management SC). The form is divided into sections for 'Description', 'Planning', 'Deployment', 'Classification', 'Development', 'Discussion', 'Planning Poker', and 'Related Work'. The 'Description' section has a placeholder text 'Click to add Description.' The 'Planning' section has a dropdown menu. The 'Deployment' section has a dropdown menu. The 'Classification' section has a dropdown menu. The 'Development' section has a dropdown menu. The 'Discussion' section has a dropdown menu. The 'Planning Poker' section has a dropdown menu. The 'Related Work' section has a dropdown menu. The form also includes a 'Save and Close' button and a 'Details' link.

2. FILL IN FEATURES

3. FILL IN USER STORIES:

RESULT:

Thus, the creation of epics, features, user stories and tasks has been successfully created.
